Ethereum's value is increasing in value since the day it came out,so mining is an investment worth striving for in the long run.

Vitalik Buterin
whom founder
of ethereum has
an end of year
forecast that
excites investors.
Buterin said that
he expects
ethereum to
reach
300000USD by
the end of the
year.

MILLION

MILLION DOLAR.

If Buterin's
forecast is
true,ethereum
shall be worth 3
trillion USD
hence that value
is more than
from the value of
the giant

A hand is shown from the bottom left, holding a glowing, complex network structure. The network consists of numerous white nodes connected by thin lines, forming a dense, interconnected web. The background is a dark blue with soft, out-of-focus light spots (bokeh) in shades of blue and white. The overall scene suggests a digital or technological environment.
